PART I. FINANCIAL INFORMATION
ITEM 1 - FINANCIAL STATEMENTS
GENERAL INFORMATION

The consolidated financial statements herein include the accounts of The Men's Wearhouse, Inc. and its subsidiaries (the "Company") and have been prepared without audit, pursuant to the rules and regulations of the Securities and Exchange Commission (the "SEC"). As applicable under such regulations, certain information and footnote disclosures have been condensed or omitted. We believe that the presentation and disclosures herein are adequate to make the information not misleading, and the financial statements reflect all elimination entries and normal adjustments which are necessary for a fair statement of the results for the three and six months ended August 3, 2002 and August 2, 2003.

Operating results for interim periods are not necessarily indicative of the results for full years. It is suggested that these consolidated financial statements be read in conjunction with the consolidated financial statements for the year ended February 1, 2003 and the related notes thereto included in the Company's Annual Report on Form 10-K for the year then ended filed with the SEC.

Unless the context otherwise requires, "Company", "we", "us" and "our" refer to The Men's Wearhouse, Inc. and its subsidiaries.

THE MEN'S WEARHOUSE, INC. AND SUBSIDIARIES

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
(UNAUDITED)

1. SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation -- The consolidated financial statements include the accounts of The Men's Wearhouse, Inc. and its subsidiaries (the "Company"). Except for those discussed below, there have been no significant changes in the accounting policies of the Company during the periods presented. For a description of these policies, see Note 1 of Notes to Consolidated Financial Statements in the Company's Annual Report on Form 10-K for the year ended February 1, 2003.

Stock Based Compensation -- As permitted by Statement of Financial Accounting Standards No. 123, "Accounting for Stock-Based Compensation" ("SFAS No. 123"), we account for stock-based compensation using the intrinsic value method prescribed in Accounting Principles Board Opinion No. 25, "Accounting for Stock Issued to Employees." We have adopted the disclosure-only provisions of SFAS No. 123 and continue to apply APB Opinion 25 and related interpretations in accounting for the stock option plans and the employee stock purchase plan. Had we elected to apply the accounting standards of SFAS No. 123, our net earnings and net earnings per share would have approximated the pro forma amounts indicated below (in thousands, except per share data):

<Table>

Diluted	\$ 0.17	\$ 0.27	\$ 0.40	\$ 0.54

Accounting Change -- We adopted Financial Accounting Standards Board ("FASB") Statement of Financial Accounting Standards No. 143, "Accounting for Asset Retirement Obligations" ("SFAS 143"), on February 2, 2003. SFAS 143 addresses the accounting and reporting for obligations associated with the retirement of tangible long-lived assets and the associated retirement costs. The adoption of this statement did not have a material impact on our financial position or results of operations.

We adopted Statement of Financial Accounting Standards No. 145, "Rescission of FASB Statements No. 4, 44, and 64, Amendment of FASB Statement No. 13, and Technical Corrections" ("SFAS 145"), on February 2, 2003. SFAS 145 rescinds FASB Statement No. 4, "Reporting Gains and Losses from Extinguishment of Debt," and an amendment of that Statement, FASB Statement No. 64, "Extinguishments of Debt Made to Satisfy Sinking-Fund Requirements". SFAS 145 also rescinds FASB Statement No. 44, "Accounting for Intangible Assets of Motor Carriers". In addition, SFAS 145 amends FASB Statement No. 13, "Accounting for Leases," to eliminate an inconsistency between the required accounting for sale-leaseback transactions and the required accounting for certain lease modifications that have economic effects that are similar to sale-leaseback transactions. This statement also makes non-substantive technical corrections to existing pronouncements. The adoption of this statement did not have a material impact on our financial position or results of operations.

We adopted Statement of Financial Accounting Standards No. 146, "Accounting for Costs Associated with Exit or Disposal Activities" ("SFAS 146"), on November 3, 2002. SFAS 146 replaces Emerging Issues Task Force ("EITF") No. 94-3, "Liability Recognition for Certain Employee Termination Benefits and Other Costs to Exit an Activity (including Certain Costs Incurred in a Restructuring)."

SFAS 146 requires, among other things, that a liability for costs associated with an exit or disposal activity be recognized when the liability is incurred rather than when a company commits to such an activity and also establishes fair value as the objective for initial measurement of the liability. The adoption of this statement did not have a material impact on our financial position or results of operations.

We adopted Statement of Financial Accounting Standards No. 148, "Accounting for Stock-Based Compensation-Transition and Disclosure" ("SFAS 148"), as of February 1, 2003. SFAS 148 amends FASB Statement No. 123, "Accounting for Stock-Based Compensation" ("SFAS 123"), to provide alternative methods of transition for a voluntary change to the fair value based method of accounting for stock-based employee compensation. Additionally, SFAS 148 amends the disclosure requirements of SFAS 123 to require prominent disclosures in both annual and interim financial statements about the method of accounting for

stock-based employee compensation and the effect of the method used on reported results. The adoption of the disclosure requirements of SFAS 148 did not have a material effect on the Company's financial position or results of operations. The disclosures required by SFAS 148 are included as part of this note under the caption "Stock Based Compensation."

We adopted Statement of Financial Accounting Standards No. 149, "Amendment of Statement No. 133 on Derivative Instruments and Hedging Activities" ("SFAS 149"), as of June 30, 2003. SFAS 149 amends and clarifies accounting for derivative instruments, including certain derivative instruments embedded in other contracts, and for hedging activities under Statement of Financial Accounting Standards No. 133, "Accounting for Derivative Instruments and Hedging Activities" ("SFAS 133"), and is effective for contracts entered into or modified after June 30, 2003 and for hedging relationships designated after June 30, 2003. The adoption of this statement did not have a material impact on our financial position or results of operations.

In November 2002, the FASB issued Financial Interpretation No. 45 ("FIN 45"), "Guarantor's Accounting and Disclosure Requirements for Guarantees, Including Indirect Guarantees of Indebtedness of Others." FIN 45 requires that upon issuance of a guarantee, the guarantor must disclose and recognize a liability for the fair value of the obligation it assumes under that guarantee. The initial recognition and measurement requirement of FIN 45 is effective for guarantees issued or modified after December 31, 2002. The disclosure requirements of FIN 45 are effective for interim and annual periods ending after December 15, 2002 and are applicable to guarantees issued before December 31, 2002. The adoption of FIN 45 did not have a material impact on our financial position or results of operations.

In November 2002, the EITF issued Issue 02-16, "Accounting by a Customer (Including a Reseller) for Cash Consideration Received from a Vendor." This EITF addresses the accounting treatment for cash vendor allowances received. The adoption of EITF Issue 02-16 in 2003 did not have an impact on the Company's financial position or results of operations as we do not receive any material vendor allowances.

New Accounting Pronouncements -- In January 2003, the Financial Accounting Standards Board issued Financial Interpretation No. 46 ("FIN 46"), "Consolidation of Variable Interest Entities." FIN 46 requires that if an entity has a controlling financial interest in a variable interest entity, the assets, liabilities and results of activities of the variable interest entity should be included in the consolidated financial statements of the entity. FIN 46 requires that its provisions are effective immediately for all arrangements entered into after January 31, 2003. We do not have any variable interest entities created after January 31, 2003. For any arrangements entered into prior to January 31, 2003, the FIN 46 provisions are required to be adopted at the beginning of the first interim or annual period beginning after June 15, 2003. The adoption of FIN 46 is not expected to have a material impact on our financial position or results of operations.

In May 2003, the FASB issued Statement of Financial Accounting Standards No. 150, "Accounting for Certain Financial Instruments with Characteristics of both Liabilities and Equity" ("SFAS 150"). SFAS 150 establishes standards for how an issuer classifies and measures certain financial instruments, many of which were previously classified as equity. This statement is effective for financial instruments entered into or modified after May 31, 2003, and otherwise is effective at the beginning of the first interim period beginning after June 15, 2003. The adoption of this statement is not expected to have a material impact on our financial position or results of operations.

2. EARNINGS PER SHARE

Basic earnings per share ("EPS") is computed using the weighted average number of common shares outstanding during the period and net earnings. Diluted EPS gives effect to the potential dilution which would have occurred if additional shares were issued for stock options exercised under the treasury stock method. Diluted EPS also gives effect to the potential dilution of any put options outstanding, computed using the reverse treasury stock method.

3. ACCOUNTING FOR DERIVATIVE INSTRUMENTS AND HEDGING

In connection with our direct sourcing program, we may enter into purchase commitments that are denominated in a foreign currency (primarily the Euro). Our practices include entering into foreign currency forward exchange contracts to minimize foreign currency exposure related to forecasted purchases of certain inventories. Under SFAS 133, such contracts have been designated as and accounted for as cash flow hedges. The settlement terms of the forward contracts, including amount, currency and maturity, correspond with payment terms for the merchandise inventories. Any ineffective portion of a hedge is reported in earnings immediately. At August 2, 2003, the Company had 14 contracts maturing in varying increments to purchase an aggregate notional amount of \$11.7 million in foreign currency, maturing at various dates through April 2004. We recognized a gain of \$4,000 resulting from hedge ineffectiveness

during the first six months of 2003.

The changes in the fair value of the foreign currency forward exchange contracts are matched to inventory purchases by period and are recognized in earnings as such inventory is sold. The fair value of the forward exchange contracts is estimated by comparing the cost of the foreign currency to be purchased under the contracts using the exchange rates obtained under the contracts (adjusted for forward points) to the hypothetical cost using the spot rate at quarter end. We expect to recognize in earnings through May 1, 2004 approximately \$0.3 million, net of tax, of existing net gains presently deferred in the accumulated other comprehensive income.

4. COMPREHENSIVE INCOME AND SUPPLEMENTAL CASH FLOWS

Our comprehensive income is as follows (in thousands):

<Table>
<Caption>

	FOR THE THREE MONTHS ENDED		FOR THE SIX MONTHS ENDED	
	AUGUST 3, 2002	AUGUST 2, 2003	AUGUST 3, 2002	AUGUST 2, 2003
<S>	<C>	<C>	<C>	<C>
Net earnings	\$ 7,797	\$ 11,448	\$ 18,255	\$ 22,460
Change in derivative fair value, net of tax	480	(11)	1,203	162
Currency translation adjustments, net of tax	(727)	1,019	66	5,660
Comprehensive income	\$ 7,550	\$ 12,456	\$ 19,524	\$ 28,282

</Table>

We paid cash during the first six months of 2002 of \$1.0 million for interest and \$17.4 million for income taxes, compared with \$1.1 million for interest and \$3.7 million for income taxes during the first six months of 2003. We had non-cash investing and financing activities resulting from the tax benefit recognized upon exercise of stock options of \$0.6 million and \$0.1 million for the first six months of 2002 and 2003, respectively, and from the issuance of treasury stock to the employee stock ownership plan of \$0.5 million for the first six months of 2003. No issuance of treasury stock to the employee stock ownership plan occurred during 2002.

5. GOODWILL AND OTHER INTANGIBLE ASSETS

Goodwill and other intangibles are included in other assets in the accompanying balance sheet. Changes in the net carrying amount of goodwill for the year ended February 1, 2003 and for the six months ended August 2, 2003 are as follows (in thousands):

<Table>

<S>	<C>
Balance, February 2, 2002	\$35,561
Goodwill of acquired business	233
Translation adjustment	813
Balance, February 1, 2003	\$36,607
Translation adjustment	1,597
Balance, August 2, 2003	\$38,204

</Table>

The gross carrying amounts and accumulated amortization of our other intangibles are as follows (in thousands):

<Table>
<Caption>

	FOR THE SIX MONTHS ENDED		FOR THE YEAR ENDED
	AUGUST 3, 2002	AUGUST 2, 2003	FEBRUARY 1, 2003
<S>	<C>	<C>	<C>
Trademarks, tradenames and other intangibles..	\$ 5,466	\$ 9,294	\$ 7,958
Accumulated amortization.....	(1,527)	(2,028)	(1,771)
Net total.....	\$ 3,939	\$ 7,266	\$ 6,187

</Table>

The pretax amortization expense associated with intangible assets totaled approximately \$181,000 and \$307,000 for the six months ended August 3, 2002 and August 2, 2003, respectively, and approximately \$428,000 for the year ended February 1, 2003. Pretax amortization associated with intangible assets at August 2, 2003 is estimated to be \$380,000 for the remainder of fiscal year 2003, \$760,000 for each of the fiscal years 2004 and 2005, \$722,000 for fiscal year 2006 and \$600,000 for fiscal year 2007.

ITEM 2 - MANAGEMENT'S DISCUSSION AND ANALYSIS
OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

GENERAL

For supplemental information, it is suggested that "Management's Discussion and Analysis of Financial Condition and Results of Operations" be read in conjunction with the corresponding section included in our Annual Report on Form 10-K for the year ended February 1, 2003. References herein to years are to our 52-week or 53-week fiscal year which ends on the Saturday nearest January 31 in the following calendar year. For example, references to "2003" mean the 52-week fiscal year ending January 31, 2004.

The following table presents information with respect to stores in operation during each of the respective fiscal periods:

<Table>
<Caption>

</Table>

RESULTS OF OPERATIONS

Three Months Ended August 3, 2002 and August 2, 2003

Our net sales were \$334.3 million for the quarter ended August 2, 2003, a \$25.7 million or 8.3% increase from the same prior year period. This increase was due primarily to an 8.1% increase in U.S. comparable store sales (which are calculated primarily by excluding the net sales of a store for any month of one period if the store was not open throughout the same month of the prior period). The increase in comparable sales for the U.S. stores was due mainly to increased unit sales of tailored apparel, particularly suits, and continued growth in our tuxedo rental business, which increased from 3.5% of total revenues in the second quarter of 2002 to 5.3% of total revenues in the second quarter of 2003. A decrease of 3.8% in comparable sales for the Canadian stores, due mainly to a shorter summer sale during the second quarter versus the prior year and softer demand overall in the Canadian men's apparel market, was more than offset by the foreign currency exchange rate translation effect from the strengthening of the Canadian dollar.

Gross margin increased \$15.9 million or 14.8% from the same prior year quarter to \$122.9 million in the second quarter of 2003. As a percentage of sales, gross margin increased from 34.7% in the second quarter of 2002 to 36.8% in the second quarter of 2003. This increase in gross margin percentage resulted mainly from continued growth in our tuxedo rental business, which carries a significantly higher incremental gross margin impact than our traditional businesses, and improved initial markups and product margins realized from the shift started in the second quarter of 2002 to merchandise with lower opening price points at our Men's Wearhouse brand.

Selling, general and administrative ("SG&A") expenses, as a percentage of

sales, were 31.2% for the second quarter of 2003, compared to 30.6% for the second quarter of 2002, with SG&A expenditures increasing by \$9.9 million or 10.5% to

\$104.3 million. On an absolute dollar basis, the principal components of SG&A expenses increased primarily due to continued growth in our tuxedo rental business, increased salaries associated with increased sales and higher insurance costs. As a percentage of sales, advertising expense decreased from 4.8% to 4.4% of net sales, store salaries decreased from 12.6% to 12.0% of net sales and other SG&A expenses increased from 13.2% to 14.8% of net sales.

Interest expense, net of interest income, increased from \$0.2 million in the second quarter of 2002 to \$0.4 million in the second quarter of 2003. Weighted average borrowings outstanding increased from \$40.1 million in the second quarter of 2002 to \$44.7 million for the second quarter of 2003, and the weighted average interest rate on outstanding indebtedness increased from 4.6% to 6.1%. The increase in the weighted average borrowings was due primarily to increases in the Canadian dollar exchange rate for our Canadian term loan. The increase in the weighted average interest rate was due primarily to increases in the LIBOR rate, as well as an increase in the rate payable for our Canadian term loan. The effect of these increases from the prior year on interest expense was partly offset by an increase in interest income due to higher cash balances. See "Liquidity and Capital Resources" discussion in the following section herein.

Our effective income tax rate decreased from 37.8% for the second quarter of 2002 to 37.3% for the second quarter of 2003. The effective tax rate was higher than the statutory U.S. federal rate of 35% primarily due to the effect of state income taxes.

These factors resulted in net earnings of \$11.4 million or 3.4% of net sales for the second quarter of 2003, compared with net earnings of \$7.8 million or 2.5% of net sales for the second quarter of 2002.

Six Months Ended August 3, 2002 and August 2, 2003

Our net sales were \$647.4 million for the six months ended August 2, 2003, a \$35.0 million or 5.7% increase from the same prior year period. This increase was due primarily to a 4.5% increase in U.S. comparable store sales, resulting from increased unit sales of tailored apparel, particularly suits, and continued growth in our tuxedo rental business, which increased from 2.9% of total revenues in the first six months of 2002 to 4.7% of total revenues in the first six months of 2003. A decrease of 5.8% in comparable sales for the Canadian stores was due mainly to unusually severe and extended winter weather conditions during the first quarter as well as a shorter summer sale and softer demand overall in the Canadian men's apparel market during the second quarter of 2003. However, this decrease was more than offset by the foreign currency exchange rate translation effect from the strengthening of the Canadian dollar.

Gross margin increased \$22.9 million or 10.9% over the same prior year period to \$234.2 million for the first six months of 2003. As a percentage of sales, gross margin increased from 34.5% for the first six months of 2002 to 36.2% for the first six months of 2003. This increase in gross margin percentage resulted mainly from continued growth in our tuxedo rental business, which carries a significantly higher incremental gross margin impact than our traditional businesses. In addition, our shift starting in the second quarter of 2002 to merchandise with lower opening price points at our Men's Wearhouse brand resulted in improved initial markups and product margins in 2003.

SG&A expenses, as a percentage of sales, were 29.6% for the first six months of 2002, compared to 30.5% for the first six months of 2003, with SG&A expenditures increasing by \$16.1 million or 8.9% to \$197.6 million. On an absolute dollar basis, the principal components of SG&A expenses increased primarily due to continued growth in our tuxedo rental business, increased salaries associated with increased sales and higher insurance costs. SG&A expenses were reduced by the recognition of a \$4.4 million deferred pretax gain from the sale, in March 2002, of substantially all of the assets of Chelsea Market Systems, L.L.C. ("Chelsea") to an unrelated company regularly engaged in the development and licensing of software to the retail industry. However, most of the gain recognized was offset by \$3.7 million in costs related to store closures and the write-off of certain technology assets during the first quarter of 2003. As a percentage of sales, advertising expense decreased from 4.5% to 4.4% of net sales, store salaries decreased from 12.3% to 12.0% of net sales and other SG&A expenses increased from 12.8% to 14.1% of net sales.

Interest expense, net of interest income, increased from \$0.5 million for the first six months of 2002 to \$0.8 million in the first six months of 2003. Weighted average borrowings outstanding increased from \$40.2 million in the prior year to \$43.3 million for the first six months of 2003, and the weighted average interest rate on outstanding indebtedness increased from 4.4% to 6.0%. The increase in the weighted average borrowings was due primarily to increases in the Canadian dollar

exchange rate for our Canadian term loan. The increase in the weighted average interest rate was due primarily to increases in the LIBOR rate, as well as an increase in the rate payable for our Canadian term loan. The effect of these increases on interest expense was partly offset by an increase in interest income due to higher cash balances. See "Liquidity and Capital Resources" discussion in the following section herein.

Our effective income tax rate decreased from 37.8% for the six months ended August 3, 2002 to 37.3% for the six months ended August 2, 2003. The effective tax rate was higher than the statutory U.S. federal rate of 35% primarily due to the effect of state income taxes.

These factors resulted in net earnings of \$22.5 million or 3.5% of net sales for the first six months of 2003, compared with net earnings of \$18.3 million or 3.0% of net sales for the first six months of 2002.

LIQUIDITY AND CAPITAL RESOURCES

Working capital was \$341.1 million at August 2, 2003, which is up from \$325.3 million at February 1, 2003 and \$320.8 million at August 3, 2002. Historically, our working capital has been at its lowest level in January and February and has increased through November as inventory levels are increased in preparation for the fourth quarter selling season.

Our operating activities provided net cash of \$25.5 million in the first six months of 2002, due mainly to net earnings, adjusted for non-cash charges and a decrease in inventories, offset by an increase in other assets and decreases in accounts payable, accrued expenses and income taxes payable. During the first six months of 2003, our operating activities provided net cash of \$12.9 million, due to net earnings, adjusted for non-cash charges (including recognition of a deferred gain on a sale of assets) and an increase in income taxes payable, offset by increases in inventories and other assets and a decrease in accounts payable and accrued expenses. Inventories increased during the first six months of 2003 due to seasonal inventory buildup and the purchase of fabric used in the direct sourcing of inventory. However, we did not experience this typical inventory buildup in the first six months of 2002 as a result of a decrease in net sales of 4.5% in fiscal 2001 and lower planned inventory purchases based upon our forecasted net sales for fiscal 2002.

Our investing activities used net cash of \$15.2 million and \$20.5 million for the first six months of 2002 and 2003, respectively. Cash used in investing activities was primarily comprised of capital expenditures relating to stores opened, remodeled or relocated during the period or under construction at the end of the period and infrastructure technology investments. During the first six months of 2002, cash used for capital expenditures was partially offset by net proceeds of \$6.8 million received from the sale of assets.

Our financing activities used net cash of \$4.9 million for the first six months of 2002, due mainly to purchases of treasury stock and principal payments made on long-term debt offset by proceeds from the issuance of our common stock for options exercised. Net cash used in financing activities was \$9.7 million for the first six months of 2003, due mainly to purchases of treasury stock and principal payments made on long-term debt offset by proceeds from the issuance of our common stock for options exercised. In January 2000, the Board of Directors authorized a stock repurchase program for up to one million shares of our common stock, in the open market or in private transactions, depending on market price and other considerations. On January 31, 2001, the Board of Directors authorized an expansion of the stock repurchase program for up to an additional two million shares of our common stock. During the first six months of 2002, 332,300 shares were repurchased under this program at a cost of \$6.9 million, and we completed the repurchase of the authorized three million shares under this program during the third quarter of 2002. In November 2002, the Board of Directors authorized a new program for the repurchase of up to \$25.0 million of Company stock in the open market or in private transactions. A total of 507,100 shares at a cost of \$9.2 million were repurchased in open market transactions under this new program during the first six months of 2003.

In January 2003, we replaced our existing \$125.0 million revolving credit facility which was scheduled to mature in February 2004 with a new revolving credit agreement with a group of banks (the "Credit Agreement") that provides for borrowing of up to \$100.0 million through February 4, 2006 (with extensions for up to two years under certain conditions). Advances under the new Credit Agreement bear interest at a rate per annum equal to, at our option, the agent's prime rate or the reserve adjusted LIBOR rate plus a varying interest rate margin. The Credit Agreement also provides for fees applicable to unused commitments. In addition, in January 2003, we entered into a new Canadian credit facility which is a term credit

credit borrowing is payable in quarterly installments of Can\$0.8 million (US\$0.6 million) beginning May 2003, with the remaining unpaid principal payable on February 4, 2008. Borrowings under the new term credit agreement were used to repay approximately Can\$60.9 million (US\$43.5 million) in outstanding indebtedness of Moores under the previous term credit agreement. Covenants and interest rates for the term credit agreement are substantially similar to those contained in the Company's Credit Agreement. As of August 2, 2003, there was US\$43.2 million outstanding under the term credit agreement; there were no borrowings outstanding under the revolving credit agreement.

The Credit Agreement contains certain restrictive and financial covenants, including the requirement to maintain a minimum level of net worth and certain financial ratios. The Credit Agreement also prohibits payment of cash dividends on our common stock. We are in compliance with the covenants in the Credit Agreement.

We anticipate that our existing cash and cash flow from operations, supplemented by borrowings under our credit agreements, will be sufficient to fund our planned store openings, other capital expenditures and operating cash requirements for at least the next 12 months.

In connection with our direct sourcing program, we may enter into purchase commitments that are denominated in a foreign currency (primarily the Euro). We generally enter into forward exchange contracts to reduce the risk of currency fluctuations related to such commitments. As these forward exchange contracts are with two financial institutions, we are exposed to credit risk in the event of nonperformance by these parties. However, due to the creditworthiness of these major financial institutions, full performance is anticipated. We may also be exposed to market risk as a result of changes in foreign exchange rates. This market risk should be substantially offset by changes in the valuation of the underlying transactions.

FORWARD-LOOKING STATEMENTS

Certain statements made herein and in other public filings and releases by the Company contain "forward-looking" information (as defined in the Private Securities Litigation Reform Act of 1995) that involve risk and uncertainty. These forward-looking statements may include, but are not limited to, future capital expenditures, acquisitions (including the amount and nature thereof), future sales, earnings, margins, costs, number and costs of store openings, demand for men's clothing, market trends in the retail men's clothing business, currency fluctuations, inflation and various economic and business trends. Forward-looking statements may be made by management orally or in writing, including but not limited to, the Management's Discussion and Analysis of Financial Condition and Results of Operations section and other sections of the Company's filings with the Securities and Exchange Commission under the Securities Exchange Act of 1934 and the Securities Act of 1933.

Actual results and trends in the future may differ materially depending on a variety of factors including, but not limited to, domestic and international economic activity and inflation, our successful execution of internal operating plans and new store and new market expansion plans, performance issues with key suppliers, severe weather, foreign currency fluctuations, government export and import policies and legal proceedings. Future results will also be dependent upon our ability to continue to identify and complete successful expansions and penetrations into existing and new markets and our ability to integrate such expansions with our existing operations.

ITEM 3 - QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

We are subject to exposure from fluctuations in U.S. dollar/Euro exchange rates and the Canadian dollar/Euro exchange rates. As further described in Note 3 of Notes to Consolidated Financial Statements and "Management's Discussion and Analysis of Financial Information and Results of Operations - Liquidity and Capital Resources", we utilize foreign currency forward exchange contracts to limit exposure to changes in currency exchange rates. At August 2, 2003, we had 14 contracts maturing at various dates through April 2004. Unrealized pretax gains on these forward contracts totaled approximately \$0.4 million at August 2, 2003. A hypothetical 10% change in applicable August 2, 2003 forward rates could increase or decrease this pretax gain by \$1.2 million related to these positions. However, it should be noted that any change in the value of these contracts, whether real or hypothetical, would be significantly offset by an inverse change in the value of the underlying hedged item.

Moores conducts its business in Canadian dollars. The exchange rate between Canadian dollars and U.S. dollars has fluctuated historically. If the value of the Canadian dollar against the U.S. dollar weakens, then the revenues and earnings of our Canadian operations will be reduced when they are translated to U.S. dollars. Also, the value of our Canadian net assets in U.S. dollars may decline.

ITEM 4 - CONTROLS AND PROCEDURES

EVALUATION OF DISCLOSURE CONTROLS AND PROCEDURES

The Company's management, with the participation of the Company's principal executive officer ("CEO") and principal financial officer ("CFO"), evaluated the effectiveness of the Company's disclosure controls and procedures (as defined in Rules 13a-15(e) and 15d-15(e) promulgated under the Securities Exchange Act of 1934, as amended (the "Exchange Act")) as of the end of the fiscal quarter ended August 2, 2003. Based on this evaluation, the CEO and CFO have concluded that the Company's disclosure controls and procedures were effective as of the end of the fiscal quarter ended August 2, 2003 to ensure that information that is required to be disclosed by the Company in the reports it files or submits under the Exchange Act is recorded, processed, summarized and reported, within the time periods specified in the SEC's rules and forms.

CHANGES IN INTERNAL CONTROLS OVER FINANCIAL REPORTING

There were no changes in the Company's internal control over financial reporting that occurred during the fiscal quarter ended August 2, 2003 that has materially affected, or is reasonably likely to materially affect, the Company's internal control over financial reporting.

13

PART II. OTHER INFORMATION

ITEM 1 - LEGAL PROCEEDINGS

On April 18, 2003, a lawsuit was filed against the Company in the Superior Court of California for the County of Orange, Case No. 03CC00132 (the "Orange County Suit"). On April 21, 2003, a lawsuit was filed against K&G Men's Center, Inc. and K&G Men's Company Inc. (collectively, "K&G"), wholly owned subsidiaries of the Company, in the Los Angeles Superior Court of California, Case No. BC294361 (the "Los Angeles County Suit"; the Los Angeles County Suit and the Orange County Suit shall be referred to jointly as the "Suits").

The Orange County Suit was brought as a purported class action. The Los Angeles County Suit was brought as a multi-party action. Both Suits allege several causes of action, each based on the factual allegation that in the State of California the Company and K&G misclassified its managers and assistant managers as exempt from the application of certain California labor statutes. Because of this alleged misclassification, the Suits allege that the Company and K&G failed to pay overtime compensation and provide the required rest periods to such employees. The Suits seek, among other things, declaratory and injunctive relief along with an accounting as to alleged wages, premium pay, penalties, interest and restitution allegedly due the class defendants. We believe that our managers and assistant managers were properly classified as exempt under such statutes and, therefore, properly compensated. The Company believes that the Suits are without merit and intends to vigorously defend them.

On April 23, 2003, a lawsuit was filed against K&G in the Los Angeles Superior Court of California, Case No. BC294497 (the "Tailor's Suit"). The Tailor's Suit was brought as a multi-party action. The Tailor's Suit alleges several causes of action, each based on the factual allegation that in the State of California K&G misclassified the tailors working in their stores as "independent contractors" and refused to classify them as non-exempt employees subject to the application of certain California labor statutes. Because of this alleged misclassification, the Tailor's Suit alleges that K&G failed to pay hourly and overtime compensation and provide the required rest periods required by such labor statutes. The Tailor's Suit further alleges that K&G violated several other labor statutes and regulations as well as the California Unfair Competition Law. It seeks, among other things, restitution, disgorgement due to failure to comply with California labor laws, penalties, declaratory and injunctive relief. We believe that the tailors were properly classified as independent contractors and properly compensated pursuant to the terms of their respective Independent Contractor Agreements. The Company believes that the Tailor's Suit is without merit and intends to vigorously defend the lawsuit.

In addition, we are involved in various routine legal proceedings, including ongoing litigation, incidental to the conduct of our business. Management believes that none of these matters will have a material adverse effect on our financial condition or results of operations.

14

ITEM 4 - SUBMISSION OF MATTERS TO A VOTE OF SECURITY HOLDERS

On July 1, 2003, the Company held its Annual Meeting of Shareholders. At the meeting, the shareholders voted on the following matters:

1. The election of the six directors of the Company to hold office until the next Annual Meeting of Shareholders or until their

respective successors are duly elected and qualified.

2. The proposal regarding a code of conduct based on the United Nation's International Labor Organization's Standards for Workers Rights.
3. The ratification of the appointment by the Board of Directors of the firm Deloitte & Touche LLP as independent auditors for the Company for fiscal 2003.

The six nominees of the Board of Directors of the Company were elected at the meeting, and proposal three received the affirmative vote required for approval. Proposal two did not receive the requisite vote required for approval and therefore did not pass. The number of votes cast for, against and withheld, as well as the number of abstentions, as to each matter were as follows:

<Table>
<Caption>
Proposal

	Votes For -----	Votes Withheld -----
<S>	<C>	<C>
1. Election of Directors		
George Zimmer	36,011,926	1,099,090

(b) REPORTS ON FORM 8-K.

On May 22, 2003, the Company filed a current report on Form 8-K pursuant to Item 12 reporting the issuance of a press release that reported earnings results for the first fiscal quarter of 2003.

On August 20, 2003, the Company filed a current report on Form 8-K pursuant

to Item 12 reporting the issuance of a press release that reported earnings results for the three and six months ended August 2, 2003.

SIGNATURES

Pursuant to the requirements of the Securities Exchange Act of 1934, the registrant has duly caused this report to be signed on its behalf by the undersigned thereunto duly authorized.

CERTIFICATIONS

I, George Zimmer, certify that:

1. I have reviewed this quarterly report on Form 10-Q of The Men's Wearhouse, Inc.;
2. Based on my knowledge, this report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this report;
3. Based on my knowledge, the financial statements, and other financial information included in this report, fairly present in all material respects the financial condition, results of operations and cash flows of the registrant as of, and for, the periods presented in this report;
4. The registrant's other certifying officers and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15 (e) and 15d-15 (e)) for the registrant and have:
 - a) Designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this report is being prepared;
 - b) Evaluated the effectiveness of the registrant's disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the controls and procedures, as of the end of the period covered by this report based on such evaluation; and
 - c) Disclosed in this report any change in the registrant's internal control over financial reporting that occurred during the registrant's most recent fiscal quarter that has materially affected, or is reasonably likely to materially affect, the registrant's internal control over financial reporting; and
5. The registrant's other certifying officers and I have disclosed, based on our most recent evaluation of internal control over financial reporting, to the registrant's auditors and the audit committee of the registrant's board of directors (or persons performing the equivalent functions):
 - a) All significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the registrant's ability to record, process, summarize and report financial information; and
 - b) Any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant's internal control over financial reporting.
