PROXY STATEMENT
FOR ANNUAL MEETING OF SHAREHOLDERS
TO BE HELD JULY 1, 1999

This proxy statement is furnished to the shareholders of The Men's Wearhouse, Inc. (the "Company"), whose principal executive offices are located at 5803 Glenmont Drive, Houston, Texas 77081-1701, and at 40650 Encyclopedia Circle, Fremont, California 94538-2453, in connection with the solicitation by the Board of Directors of the Company of proxies to be used at the Annual Meeting of Shareholders to be held at 4:00 p.m., on Thursday, July 1, 1999, at The Houstonian Hotel, 111 N. Post Oak Lane, Houston, Texas, or any adjournment(s) thereof (the "Annual Meeting").

Proxies in the form enclosed, properly executed by shareholders and received in time for the meeting, will be voted as specified therein. If a shareholder does not specify otherwise, the shares represented by his or her proxy will be voted "FOR" the nominees for director listed therein, "FOR" the proposal to amend the Company's Restated Articles of Incorporation to increase the number of authorized shares of the Company's common stock, \$.01 par value ("Common Stock"), from 50,000,000 shares to 100,000,000 shares and "FOR" ratification of the appointment of the Company's independent auditors. The giving of a proxy does not preclude the right to vote in person should the person giving the proxy so desire, and the proxy may be revoked at any time before it is exercised by written notice delivered to the Company at or prior to the meeting.

This Proxy Statement is being mailed on or about June 2, 1999, to the holders of record of the Company's Common Stock and the holder of record of the Company's one share of Series A Special Voting Preferred Stock ("Series A Preferred Stock") on May 11, 1999 (the "Record Date"). At the close of business on the Record Date, there were outstanding and entitled to vote 35,084,158 shares of Common Stock, and only the holders of record on such date shall be entitled to vote at the Annual Meeting. Such holders will be entitled to one vote per share on each matter presented at the Annual Meeting. As of the Record Date, the one share of Series A Preferred Stock is entitled to an aggregate of 2,375,579 votes and votes together with the Common Stock as a single class. Accordingly, the Common Stock and the Series A Preferred Stock constitute a class with an aggregate of 37,459,737 votes (the "Aggregate Vote"). The trustee who holds the share of Series A Preferred Stock must vote such share in accordance with instructions from the holders of the Exchangeable Shares ("Exchangeable Shares") issued by Moores Retail Group Inc. ("Moores").

The enclosed form of proxy provides a means for shareholders to vote for all of the nominees listed therein, to withhold authority to vote for one or

more of such nominees or to withhold authority to vote for all of such nominees. The withholding of authority by a shareholder will have no effect on the results of the election of those directors for whom authority to vote is withheld because the Company's bylaws provide that directors are elected by a plurality of the votes cast.

The affirmative vote of the holders of a majority of the Aggregate Vote represented in person or by proxy at the Annual Meeting is required to approve the proposal to ratify the appointment of the Company's independent auditors, and the affirmative vote of the holders of at least two-thirds of the Aggregate Vote is required to approve the proposal to amend the Company's Restated Articles of Incorporation to increase the number of authorized shares of the Company's Common Stock from 50,000,000 shares to 100,000,000 shares.

The holders of a majority of the Aggregate Vote, whether present in person or represented by proxy, will constitute a quorum for the transaction of business at the Annual Meeting. Abstentions are counted toward the calculation of a quorum, but are not treated as either a vote for or against a proposal. An abstention has the same effect as a vote against a proposal or, in the case of the election of directors or the proposal to amend the Company's Restated Articles of Incorporation, as shares to which voting power has been withheld. Under Texas law, any unvoted position in a brokerage account with respect to any matter will be considered as not voted and will not be counted toward fulfillment of quorum requirements as to that matter. The shares held by each shareholder who signs and returns the enclosed form of proxy will be counted for purposes of determining the presence of a quorum at the meeting.

ELECTION OF DIRECTORS

At the Annual Meeting, ten directors constituting the entire Board of Directors are to be elected. All directors of the Company hold office until the next annual meeting of shareholders or until their respective successors are elected and qualified or their earlier resignation or removal.

The following persons have been nominated to fill the ten positions to be elected by the shareholders. It is the intention of the persons named in the enclosed proxy to vote the proxies for the election of the nominees named below, unless otherwise specified. Management of the Company does not contemplate that any of the nominees will become unavailable for any reason, but if that should occur before the meeting, proxies will be voted for another nominee, or other nominees, to be selected by management.

APPROVAL OF AMENDMENT TO THE RESTATED ARTICLES OF INCORPORATION TO INCREASE THE NUMBER OF AUTHORIZED SHARES OF COMMON STOCK

The Board of Directors has recommended the adoption of an amendment to the Company's Restated Articles of Incorporation that will increase the authorized shares of Common Stock from 50,000,000 shares to 100,000,000 shares. Of the 50,000,000 shares of Common Stock currently authorized, at the Record Date there were 35,084,158 shares of Common Stock outstanding. In addition, an aggregate of 11,029,344 shares of Common Stock are reserved for future issuance, of which (i) 642,262 shares are reserved for issuance upon the exercise of options granted

under the The Men's Wearhouse, Inc. 1992 Stock Option Plan, (ii) 1,098,129 shares are reserved for issuance upon the exercise of options granted under the The Men's Wearhouse's, Inc. 1996 Stock Option Plan, (iii) 745,425 shares are reserved for issuance upon the exercise of options granted under the The Men's Wearhouse, Inc. 1998 Key Employee Stock Option Plan, (iv) 1,393,449 shares are reserved for issuance under the The Men's Wearhouse, Inc. Employee Stock Discount Plan, (v) 67,500 shares are reserved for issuance upon the exercise of options granted under the The Men's Wearhouse, Inc. Non-Employee Director Stock Option Plan, (vi) 57,000 shares are reserved for issuance upon the exercise of options granted under miscellaneous employee stock option agreements, (vii) 2,375,579 shares are reserved for issuance upon the exchange of Exchangeable Shares issued by Moores and (viii) 4,650,000 shares are reserved for issuance upon completion of the merger with K&G Men's Center, Inc. This leaves a total of 3,886,498 shares of Common Stock authorized and available for future issuances for corporate purposes, including acquisitions and employee benefit plans.

The purpose of the amendment to increase the authorized number of shares of Common Stock is to provide the Company with greater flexibility in effecting acquisitions and financings, as well as assuring that the Company has shares of Common Stock available for future employee benefit plans and arrangements. The Company expects that future growth of the Company may require the use of its Common Stock from time to time either as consideration for acquisitions or as part of a financing for the Company either through the use of Common Stock or securities convertible into Common Stock. The proposed amendment would provide the Company with additional flexibility to effect these acquisitions and financings without the delay and expense associated with obtaining the approval or consent of shareholders at the same time the shares are needed. Such shares may be issued in conjunction with either a public offering or a private placement of shares of Common Stock.

The increase in the authorized number of shares of Common Stock will be effected through an amendment to the first paragraph of Article Four of the Company's Restated Articles of Incorporation. As amended, such paragraph would read as follows:

"The total number of shares of all classes of stock that the corporation shall be authorized to issue is 102,000,000, comprising 2,000,000 shares of preferred stock, of the par value of \$.01 per share (hereinafter called "Preferred Stock"), and 100,000,000 shares of common stock, of the par value of \$.01 per share (hereinafter called "Common Stock")."

The Company does not have any current plans, proposals or understandings that would require the use of the additional shares of Common Stock to be authorized. The Company, however, anticipates that some portion of the additional shares would be utilized by the Company in the future for acquisitions as well as for public offerings of Common Stock or securities convertible or exchangeable into shares of Common Stock. Such shares would also be used for the Company's stock based benefit or compensation plans. Unless required by law, regulatory authorities or applicable rules of the Nasdaq National Market System, it is not anticipated that any future authorization by a vote of shareholders will be sought for the issuance of any shares of Common Stock. Shareholders of the Company do not have any preemptive rights to purchase additional shares of Common Stock, whether now or hereafter authorized.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE "FOR" APPROVAL OF THE AMENDMENT TO THE RESTATED ARTICLES OF INCORPORATION TO INCREASE THE NUMBER OF AUTHORIZED SHARES OF COMMON STOCK.

The following table sets forth information, as of the Record Date, except as noted in notes (1)-(2) below, with respect to the beneficial ownership of Common Stock by (i) each director, which includes each executive officer named in the Summary Compensation Table below, (ii) each shareholder known by the Company to be the beneficial owner of more than 5% of the Common Stock and (iii) all executive officers and directors of the Company as a group. EMPLOYMENT AGREEMENT AND STOCK OPTIONS

To induce David Edwab to leave his employment and join the Company, the Company entered into an Employment Agreement with Mr. Edwab effective January 31, 1991 (as amended, the "Employment Agreement") for an initial term beginning February 25, 1991 and extending through February 24, 1999. Under the Employment Agreement the Company agreed, among other things, to:

- pay Mr. Edwab an annual base salary of \$226,000, plus \$12,000 per year for reimbursement of automobile and club membership expenses;
- pay Mr. Edwab a cash amount (net of state and federal taxes) sufficient to fund the payment of the purchase price for any option shares acquired upon any exercise of the option granted to Mr. Edwab under his Employment Agreement;
- pay the premiums on \$3,000,000 in life insurance policies to be owned by a trust established by Mr. Edwab and payable to beneficiaries designated by him (subject to certain split-dollar provisions in favor of the Company). To secure the repayment of the premiums, the Trust has assigned the policies to the Company as collateral; and
- provide disability and medical insurance coverage and certain other benefits provided to other employees (other than participation in stock option plans).

Pursuant to the Employment Agreement, the Company granted Mr. Edwab an option to purchase 796,705 shares of Common Stock at \$1.57 per share until the later of the termination of Mr. Edwab's employment and January 31, 2011. The option was immediately exercisable with respect to 33.3% of the option shares. Since that time the remaining 66.7% of the option shares have become fully exercisable and the option has been exercised as to all of the option shares.

The Company may terminate Mr. Edwab's employment under the Employment Agreement for "cause" (as defined in the Employment Agreement), in which event the Company will pay all compensation and benefits due Mr. Edwab under the Employment Agreement to the date of termination, which will satisfy all of the Company's obligations under the Employment Agreement.

Effective September 30, 1991, the Company entered into an Option Issuance Agreement with Mr. Edwab pursuant to which he was granted the right to purchase additional shares of Common Stock on the same basis and subject to the same terms as the option shares under the Employment Agreement in the event the Company issues any shares of Common Stock or any warrants, options, convertible securities or other rights to acquire Common Stock (collectively, "Rights") during the term of the Option Issuance Agreement. At the same time, the Employment Agreement was amended to eliminate certain anti-dilution provisions that provided him with protection in the event of future issuances of Common Stock by the Company. Should the Company issue any such shares or Rights, excluding the option shares issuable under the Employment Agreement, Mr. Edwab would automatically have the right to purchase a number of shares of Common Stock equal to .030928 times the number of shares so issued or issuable upon exercise of the Rights. The purchase price would be equal to the price per share paid to the Company for the Common Stock so issued or, in the case of Rights, for the Rights plus the exercise price per share of the Common Stock issuable thereunder.

Mr. Edwab waived his right to receive additional options under the Option Issuance Agreement in connection with:

- options granted under the Company's option plans;
- the issuance of 2,531,250 shares of Common Stock pursuant to a public offering consummated in April 1992;
- the issuance of 1,423,125 shares of Common Stock pursuant to a public offering consummated in April 1993; and
- the issuance of Common Stock upon conversion of the Company's 5 1/4% Convertible Subordinated Notes due 2003.

10

In April 1994, the Option Issuance Agreement was amended to provide that no options would be granted to Mr. Edwab thereunder in connection with underwritten public offerings of equity securities by the Company. As amended, both the Employment Agreement and the Option Issuance Agreement provide that Mr. Edwab may satisfy his obligation to pay withholding tax relating to his exercise of any options thereunder by having the Company withhold a number of shares of Common Stock that would have been issued upon such exercise equal in value to the amount of such tax owed.

SPLIT-DOLLAR LIFE INSURANCE AGREEMENT

The George Zimmer 1988 Living Trust is presently the owner of 4,097,783 shares of Common Stock. The Company has been advised that on the demise of George Zimmer, his estate may be required to publicly sell all or substantially all of such shares to satisfy estate tax obligations. The public sale of such number of shares in all probability would destabilize the market for the Company's publicly traded stock. Accordingly, in November 1994, an agreement was entered into (commonly known as split-dollar life insurance agreement) under the terms of which the Company makes advances of a portion of the premiums for certain life insurance policies on the life of George Zimmer with an aggregate face value of \$25,500,000 purchased by a trust established by Mr. Zimmer. To secure the repayment of the advances, the trust has assigned the policies to the Company as collateral. Further, a second split-dollar life insurance agreement with essentially the same terms as the existing agreement was entered into relating to a life insurance policy on the life of George Zimmer with a face value of \$1,000,000 purchased by a second trust established by Mr. Zimmer. The trusts have assigned the additional policies to the Company as collateral.

EMPLOYEE STOCK OPTION PLANS

The Company maintains The Men's Wearhouse, Inc. 1992 Stock Option Plan (the "1992 Option Plan"), 1996 Stock Option Plan (the "1996 Option Plan"), and 1998 Key Employee Stock Option Plan (the "1998 Option Plan") (collectively, the "Plans") for the benefit of its full-time key employees. Under the 1992 Option Plan, options to purchase up to 1,071,507 shares of Common Stock may be granted. Under the 1996 Option Plan, options to purchase up to 1,125,000 shares of Common Stock may be granted. Subsequent to the Record Date, the Board of Directors amended the 1998 Option Plan to increase the number of shares which may be covered by options granted pursuant to the 1998 Option Plan to 1,500,000 shares.

The Plans are administered by the Stock Option Committee of the Company's Board of Directors which consists of George Zimmer and Richard Goldman. The individuals eligible to participate in the Plans are such full-time key employees, including officers and employee directors, of the Company as the Stock Option Committee may determine from time to time. However:

- George Zimmer, Richard E. Goldman, Robert E. Zimmer and James E. Zimmer are not eligible to participate in any of the Plans;

- David Edwab may not participate in the 1992 Option Plan; and
- no executive officers of the Company may participate in the 1998 Option Plan.

The Stock Option Committee may grant either (i) incentive stock options within the meaning of section 422 of the Internal Revenue Code of 1986, as amended, or (ii) non-statutory stock options. 500,000 shares of Common Stock is the maximum number of shares subject to options that may be awarded under the 1996 Option Plan or the 1998 Option Plan to any employee during any consecutive three-year period. The purchase price of shares subject to an option granted under the Plans is determined by the Stock Option Committee at the date of grant. The purchase price may not be less than 50% of the fair market value of the shares of Common Stock on the date of grant. Options granted under the Plans must be exercised within ten years from the date of grant. Unless otherwise provided by the Stock Option Committee, the options vest with respect to one-third of the shares covered thereby on each of the first three anniversaries of the date of grant. In the case of any eligible employee who owns or is deemed to own stock possessing more than 10% of the total combined voting power of all classes of stock of the Company or its parent or subsidiaries, (i) the option price of any

incentive stock option granted may not be less than 110% of the fair market value of the Common Stock on the date of grant, and (ii) the exercisable period may not exceed five years from date of grant.

Options granted under the Plans terminate on the earlier of (i) the expiration date of the option or (ii) one day less than one month after the date the holder of the option terminated his or her employment with the Company for any reason other than the death, disability or retirement of such holder. During such one-month period, the holder may exercise the option in respect of the number of shares that were vested on the date of such severance of employment. In the event of severance because of the disability of a holder before the expiration date of the option, the option terminates on the earlier of such (i) expiration date or (ii) one year following the date of severance. During this period the holder may exercise the option in respect of the number of shares that were vested on the date of severance because of disability. In the event of the death or retirement of a holder, the option terminates on the earlier of (i) the expiration date of the option or (ii) one year following the date of death or retirement.

OPTION GRANTS

No options were granted to the named executive officers during the fiscal year ended January 30, 1999.

COMPENSATION OF DIRECTORS

All employee directors of the Company do not receive fees for attending meetings of the Board of Directors. Each non-employee director of the Company receives a quarterly retainer of \$2,500. In addition, under the Company's 1992 Non-Employee Director Stock Option Plan (the "Director Plan"), each person who is a non-employee director on the last business day of each fiscal year of the Company is granted an option to acquire 2,000 shares of Common Stock. All options granted permit the non-employee director to purchase the option shares at the closing price on the date of grant and become exercisable one year after the date of grant. All options granted under the Director Plan must be exercised within 10 years of the date of grant. Such options terminate on the earlier of the date of the expiration of the option or one day less than one month after the date the director ceases to serve as a director of the Company for any

reason other than death, disability or retirement as a director.

On January 29, 1999, the Company granted each of Messrs. Brutoco, Stein and Ray an option to purchase 2,000 shares of Common Stock at \$29.625 per share pursuant to the Director Plan.

PERFORMANCE GRAPH

The following graph compares, as of each of the dates indicated, the percentage change in the Company's cumulative total shareholder return on the Common Stock with the cumulative total return of the NASDAQ Composite Index and the Retail Specialty Apparel Index. The graph assumes that the value of the investment in the Common Stock and each index was \$100 at April 15, 1992 (the date the Common Stock was first publicly traded) and that all dividends paid by those companies included in the indices were reinvested.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

No member of the Compensation Committee of the Board of Directors of the Company was, during fiscal 1998, an officer or employee of the Company or any of its subsidiaries, or was formerly an officer of the Company or any of its subsidiaries, or had any relationships requiring disclosure by the Company under Item 404 of Regulation S-K, except as described below:

- In February 1998, Insight Out Collaborations LLC provided consulting and training services to the Company for consideration of \$69,000. Mr. Ray is an officer and director of Insight Out Collaborations LLC and owns 10.8% of the outstanding shares of stock of such company.
- Under the terms of an Engagement Letter dated September 9, 1998, Bear Stearns served as the Company's financial advisor in connection with the Moores transaction. Mr. Stein, a director of the Company, is a Senior Managing Director of Bear Stearns and oversees its United States regional investment banking offices.

During fiscal 1998, no executive officer of the Company served as (i) a member of the compensation committee (or other board committee performing equivalent functions) of another entity, one of whose executive officers served on the Compensation Committee of the Board of Directors, (ii) a director of another entity, one of whose executive officers served on the Compensation Committee, or (iii) a member of the

compensation committee (or other board committee performing equivalent functions) of another entity, one of whose executive officers served as a director of the Company.

COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION

The Compensation Committee (the "Committee") of the Board of Directors of The Men's Wearhouse, Inc. (the "Company") is pleased to present its 1998 report on executive compensation. This Committee report documents components of the Company's executive officer compensation programs and describes the basis on which 1998 compensation determinations were made by the Committee with respect to the executive officers of the Company, including the executive officers that are named in the compensation tables. The Committee is comprised entirely of non-employee directors.

Compensation Philosophy and Overall Objectives of Executive Compensation Programs

It is the philosophy of the Company to ensure that executive compensation be directly linked to continuous improvements in corporate financial performance

and increases in shareholder value. The following objectives, which were adopted by the Committee, serve as the guiding principles for all compensation decisions:

- Provide a competitive total compensation package that enables the Company to retain key executives.
- Integrate pay programs with the Company's annual and long-term business objectives and strategy, and focus executive behavior on the fulfillment of those objectives.
- Provide variable compensation opportunities that are directly linked with the performance of the Company and that align executive remuneration with the interests of shareholders.

The Committee believes that the Company's current executive compensation program has been designed and is administered in a manner consistent with these objectives.

Executive Compensation Program Components

The Company uses cash-and equity-based compensation to achieve its pay-for-performance philosophy and to reward short-and long-term performance.

Base Salary. The Company's compensation philosophy is to control compensation costs and to place greater emphasis on incentive compensation based on results. Accordingly, the Committee believes that the Company's base salaries are well within the industry norms for companies of similar size. Salaries for executives are reviewed periodically and revised, if appropriate, based on a variety of factors, including individual performance, level of responsibility, prior experience, breadth of knowledge, external pay practices and overall financial results.

Incentive Compensation. The Company's philosophy is to use a combination of annual and long-term compensation methods for the majority of the Company's management. The Committee understands that the majority of executive officers named in the compensation table hold significant ownership interests in the Company. Accordingly, it is the belief of the Committee that incentives through stock option participation at this time for the majority of these individuals would not significantly affect the long-term or short-term perspective of these individuals.

The Committee has adopted a bonus program for 1999 in which executive officers will participate. A maximum bonus has been set for each of the named executive officers based upon the total compensation package of the officer relative to his duties, which bonuses range from \$40,000 to \$100,000.

The criteria for determining the amount of bonus participation is based on: (i) the Company attaining sales goals, (ii) the Company attaining net income goals, (iii) the Company attaining shrinkage goals, and (iv) the officer attaining personal goals. Each of the first three criteria are quantitative, while the fourth criterion is subjective. The Company's bonus program for the majority of the work force is based on attaining similar sales and shrinkage goals.

14

Discussion of 1998 Compensation for the Chief Executive Officer

George Zimmer, Chairman of the Board and Chief Executive Officer of the Company, is a significant shareholder in the Company, as well as one of the Company's founders.

In determining Mr. Zimmer's compensation for 1998, the Committee considered the Company's financial performance and corporate accomplishments, individual performance and salary data for chief executive officers of other publicly held apparel companies having a size and focus that the Committee believed comparable to the Company's. The Committee also reviewed more subjective factors, such as development and implementation of the corporate strategies to enhance shareholder value and the Company's overall corporate philosophy. The Committee feels that Mr. Zimmer's compensation program for 1998 and 1999 is conservative.

Base Salary. Mr. Zimmer's base salary during fiscal 1998 was \$35,000 per month. While the Committee believes that the performance of Mr. Zimmer and the Company would justify a substantial increase in Mr. Zimmer's base salary, Mr. Zimmer has advised the Committee that he is satisfied with his current base salary and therefore no change has been approved for fiscal 1999.

Annual Incentive. Mr. Zimmer was paid an \$87,500 bonus under the 1998 bonus program. Mr. Zimmer will be eligible for a bonus of up to \$100,000 in 1999 based on the criteria discussed under "Incentive Compensation".

Summary. The Company's 1998 financial results exceeded management's expectations. It is the opinion of the Compensation Committee that the total compensation program for 1998 for the executive officers relative to the Company's performance was reasonable and that the compensation to George Zimmer remains modest in light of management's achievements and the total compensation packages provided to chief executive officers by other publicly held clothing retailers.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

The Company leases a warehouse facility in Houston, Texas from Zig Zag, a Texas joint venture, in which George Zimmer, James E. Zimmer and Richard E. Goldman are the sole and equal joint venturers. During 1998, the Company paid rentals of \$78,000 to Zig Zag. The lease expires on August 31, 2005.

The Company also leases the land underlying a store in Dallas, Texas (which building is owned by the Company) from 8239 Preston Road, Inc., a Texas corporation of which George Zimmer, James E. Zimmer and Richard E. Goldman each own 20% of the outstanding common stock, and Laurie Zimmer, sister of George and James Zimmer and daughter of Robert E. Zimmer, owns 40% of the outstanding common stock. The Company paid aggregate rentals on such property to such corporation of \$49,200 in 1998. The lease expires April 30, 2004.

K&G leases its Irving, Texas store from 3S Corporation, a corporation of which Mr. Greenspan owns 25%. Pursuant to this arrangement, K&G made lease payments of \$66,000 in fiscal 1998. The lease for this store currently provides that K&G pay rent of \$5,500 per month.

Ellsworth Realty, LLC, a limited liability company of which Mr. Greenspan beneficially owns 50%, leases office space and a warehouse in Atlanta, Georgia to K&G. The lease provides for K&G to pay Ellsworth Realty a specified amount for the warehouse and office space and a specified amount for the retail space plus 1% of the net sales of the store in excess of a certain threshold amount. Pursuant to this arrangement, K&G paid or accrued to Ellsworth Realty approximately \$280,713 in fiscal 1998.

Management believes that the terms of the foregoing leasing arrangements are comparable to what would have been available to the Company from unaffiliated third parties at the time such leases were entered into.

8239 Preston Road, Inc. and Zig Zag each have loans with Bank of America and have agreed that a default by the Company under the Company's Credit Agreement with Bank of America will constitute a default under the loan agreements of such partnership or corporation with Bank of America. If for any reason the Company's loan with Bank of America becomes due and payable or is paid, the loans to such partnership or corporation from Bank of America will become automatically due and payable. The loans from Bank of America to Zig Zag and 8239 Preston Road, Inc. mature in June 2000. The maximum principal amount outstanding under the loans to Zig Zag and 8239 Preston Road, Inc. during 1998 was \$548,000 and \$365,000, respectively. With the exception of Laurie Zimmer, each of the partners and shareholders of such partnership or corporation has personally guaranteed the obligations of the respective entity under the loan agreements.

The Company has engaged Dorason Corporation to provide consulting services, on a non-exclusive basis, to the Company with respect to general business matters including, specifically, internet commerce for a fee of \$20,000 per month plus reimbursement of certain expenses. This engagement is cancellable by either party on 60 days notice. Mr. Brutoco is the chairman and chief executive officer, and, together with his wife, owns 100% of Dorason Corporation.

The Company's Board of Directors has authorized a corporate joint venture to develop and implement certain retail store systems software to be used by the Company and to be marketed to third parties. The Company will own a 50% interest in the joint venture and Blue Water Resources LLC ("Blue Water") will own 50%. Harry Levy, an officer and director of the Company, will own a one-third interest in Blue Water. The Company will pay the actual costs incurred by the joint venture to develop and implement the software in the Company's operations. After development and implementation of the software for the Company, the joint venture will attempt to market the software to third parties.

In December 1996, the Company advanced \$166,000 to Mr. Lane to enable him to purchase a residence. In 1998, Mr. Lane paid the Company \$9,097 in interest on this advance at an average rate of 5.5% per annum.

See "Compensation Committee Interlocks and Insider Participation" for additional information regarding certain relationships and related transactions with Messrs. Ray and Stein.
